

HEAR THE WORD OF THE LORD

July 22, 2024

1:56 p.m.

YAHWEH IS LEADING:

Let Me say all that I want to say, servant. Do not be afraid. They may come against you with force of words, but only Yahweh will allow anyone to harm your way. They say they want Yahweh to reign and govern, but look at who they want: a figurehead. Figureheads have been with the Christian Church since its early days. There were always the ones who put their hope in a man to set them free. From slavery in any era, including Bible times, to the slavery mentality of the Church, people are looking for their figurehead to take the lead. But what does Yahweh want? Who should govern a non-Christian nation?

The Church today thinks that this nation is governed by Christian principles, laid up as a Christian organization. But look carefully: never was this nation a Christian nation, for its founding fathers established it out of rebellion. And notice that the warring has not ended. Take a look at all the civil wars that break out. Take a look at how the people will stand with someone who says what they want to hear to win their votes. Take a look at what I see: partnerships with those who hate certain races.

Take a look. I would have to strip the nation, break it, and build it up again with a governing plan under Yahweh where no vote matters. They say they want Yahweh yet spit in Yahweh's face and say they will vote for their "human king" to take the place of Yahweh, hoping that their human king would bring value to their way. False in their security. A false way of following. They say they love Me but will not bend to how I govern.

The way is truly the real way that I say: the United States is not a Christian nation. Trump is not your savior, your David, or My chosen one. Pay close attention: I come after the Christian, those who say they follow Me. You are just as those in the days of Bible-writing times who looked for a human leader to defend your way. You spit on Me because you do not trust that I can bring forward a world-level leader whenever I want who will bring My will into natural dealings. You say, "Let me take care of the matter myself. If I vote and spew my hatred and list off all the wrongful things that the other person did, surely everyone else will vote with me." Surely, you are blinded by your anger. Are you really that naïve?

I can speak candidly even when delivering a raw saying, something that people do not get today with these false prophets. They say that the government is upon another human's shoulders. What human can take on the weight that Yahweh carries? What human will ever be able to fill Yahweh's nature? What human? Answer Me, mortal, the one who holds a flawed way. You say you vote for someone who stands with you. Shouldn't you stand with Yahweh? Shouldn't you pray and beg for Yahweh's help?

Servant, do you see why I stripped you out of churches? Do you see why I took you from the traditions of men? See why you do not fit in. This (the Church's lack of following Yahweh) is why I do not give you a church to attend other than for visits to gauge the spirit realm. You see it? Who can govern a world-level prophet who gives Yahweh's messages about the antichrist? Look at how focused they are on who will govern their non-Christian nation. They do not look to Yahweh. They look to themselves, and they wonder why I am reviewing every Church.

And I have already started to wither away churches. I have already started to strip them. Your role as a prophet is to bring course correction, judgments, Yahweh's view, and build up a new way as Yahweh leads. Prepare the people.
